

Shubham Satyawali

ReactJS/ Frontend Developer

As a front-end web developer with over 2 years of industry experience, I have a passion for creating innovative and user-friendly web applications using ReactJS and Typescript. My expertise in these technologies has allowed me to deliver high-quality, clean, and reusable code, always adhering to best practices and emerging UI development techniques. I am constantly seeking new challenges to further enhance my knowledge and my career. Awarded with DXC's Champ Award Q1-FY23.
